PARIS

JARDIN D'EDEN
DESIGN MARCEL WANDERS

Icône de l'art de vivre à la française, Christofle est aujourd'hui une marque de luxe contemporaine dont le territoire d'expression privilégié est l'argent, matière mythique et intemporelle.

Installée à Yainville, en Normandie, la manufacture de Christofle pérennise grâce à des artisans d'élite un savoir-faire unique qui garantit à ses produits un très haut niveau de qualité.

À travers les valeurs fondamentales que sont la création, la qualité et l'élégance, grâce à la collaboration avec des designers de renom, c'est tout un univers raffiné et désirable qui s'exprime autour de modèles de couverts aux lignes design, intemporelles ou classiques, qui se déclinent en trois matières, argent massif, métal argenté ou acier massif.

An enduring symbol of French art de vivre, Christofle is a modern luxury brand that finds inspiration in the enchanting, timeless qualities of silver.

Located in Yainville (Normandy, France), Christofle's factory and workshops are entrusted to elite craftsmen, devoted to preserving the unique knowledge that serves to guarantee the exceptional, unrivaled quality of its products.

Creativity, quality, and elegance are the brand's core values, which are brought to life through collaborations with world-renowned designers. These dynamic partnerships culminate into an alluring and sophisticated universe of tableware, represented in three timeless materials: sterling silver, silverplate, and stainless steel.
